Rebuilding Sale of Furniture

Every Piece of Furniture in Our Furniture Store, "Across the Street," at Reductions of $\frac{1}{3}$ to $\frac{1}{2}$ Off Regular Prices.
The Greatest Money-Saving Event Ever Presented to the Home Furnishers of Washington.

One year ago we added a Furniture Department to our other lines, in the large building "Across the Street," and in this short time the business has grown so rapidly we are compelled to increase the selling space and make many improvements to accommodate the constantly increasing trade.

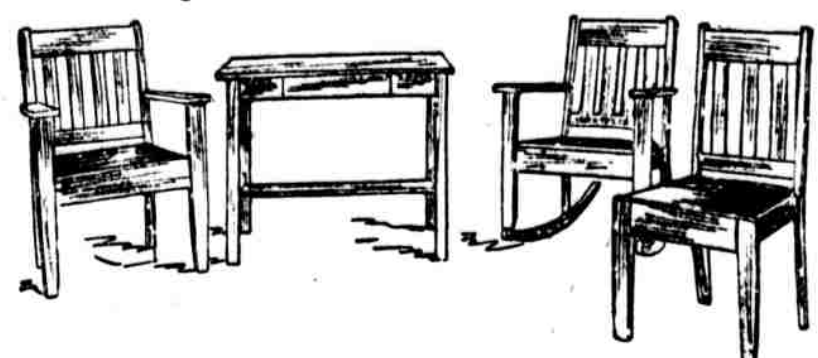

The wonderful success we have achieved in a single year proves that Washington people appreciate honest dealings and honest values. Our policy of marking everything in plain figures has met with the approval of every careful furniture buyer. We have won the confidence of the public by deserving it; the growth of this furniture business is the natural result of selling dependable furniture at lower prices.

This Furniture Store is about to undergo extensive improvements and a broad expansion. Our plans call for many changes. Walls are to be torn out, the second floor used for display of dining and bedroom furniture, a new elevator

installed, and the entire interior beautified and improved, thus adding greatly to the comfort and convenience of our patrons. To make way for the builders at once it will be necessary to sacrifice thousands of dollars' worth of Furniture to prevent it from being ruined by flying dust and dirt. In order to quickly dispose of as much stock as possible we have made slashing reductions on every piece of Furniture in the house. If you expect to buy new Furniture for your home this fall you cannot afford to miss this opportunity to save a third to a half of the prices you would expect to pay. Note these wonderful values.
